

SWIM TEAM PHOTO DAY GUIDE

What to Expect on Photo Day

① Team Composite Photo

📷 Every swimmer and coach is required to be photographed individually in front of a green screen. These individual photos are digitally combined to create the final team composite shown below. You may purchase a team photo with or without individual photos being ordered.

② Individual Poolside Photos

📷 Want individual photos too?

After their green screen photo is done, swimmers will proceed to the "poolside" photographer for individual pictures. Sibling photos are welcomed. Participation is recommended so that you have the option to order if you choose to. These images will be available for viewing along with the team photo for online ordering.

③ Watch for Your Gallery Email

Once image processing is complete, you'll receive an email notification when your gallery is ready.

④ View & Order Online

Once you receive your gallery email:

- View your private gallery
- Select your favorite images
- Order prints, digital downloads, and specialty products
- Orders are shipped directly to the club

In order to avoid shipping charges, place your order before the given deadline so your order is shipped directly to the club. You can still order after the deadline, however, late orders will automatically add a small shipping charge to be mailed directly to your home.
